

# Dentsply Sirona Solution Map

IDS 2017

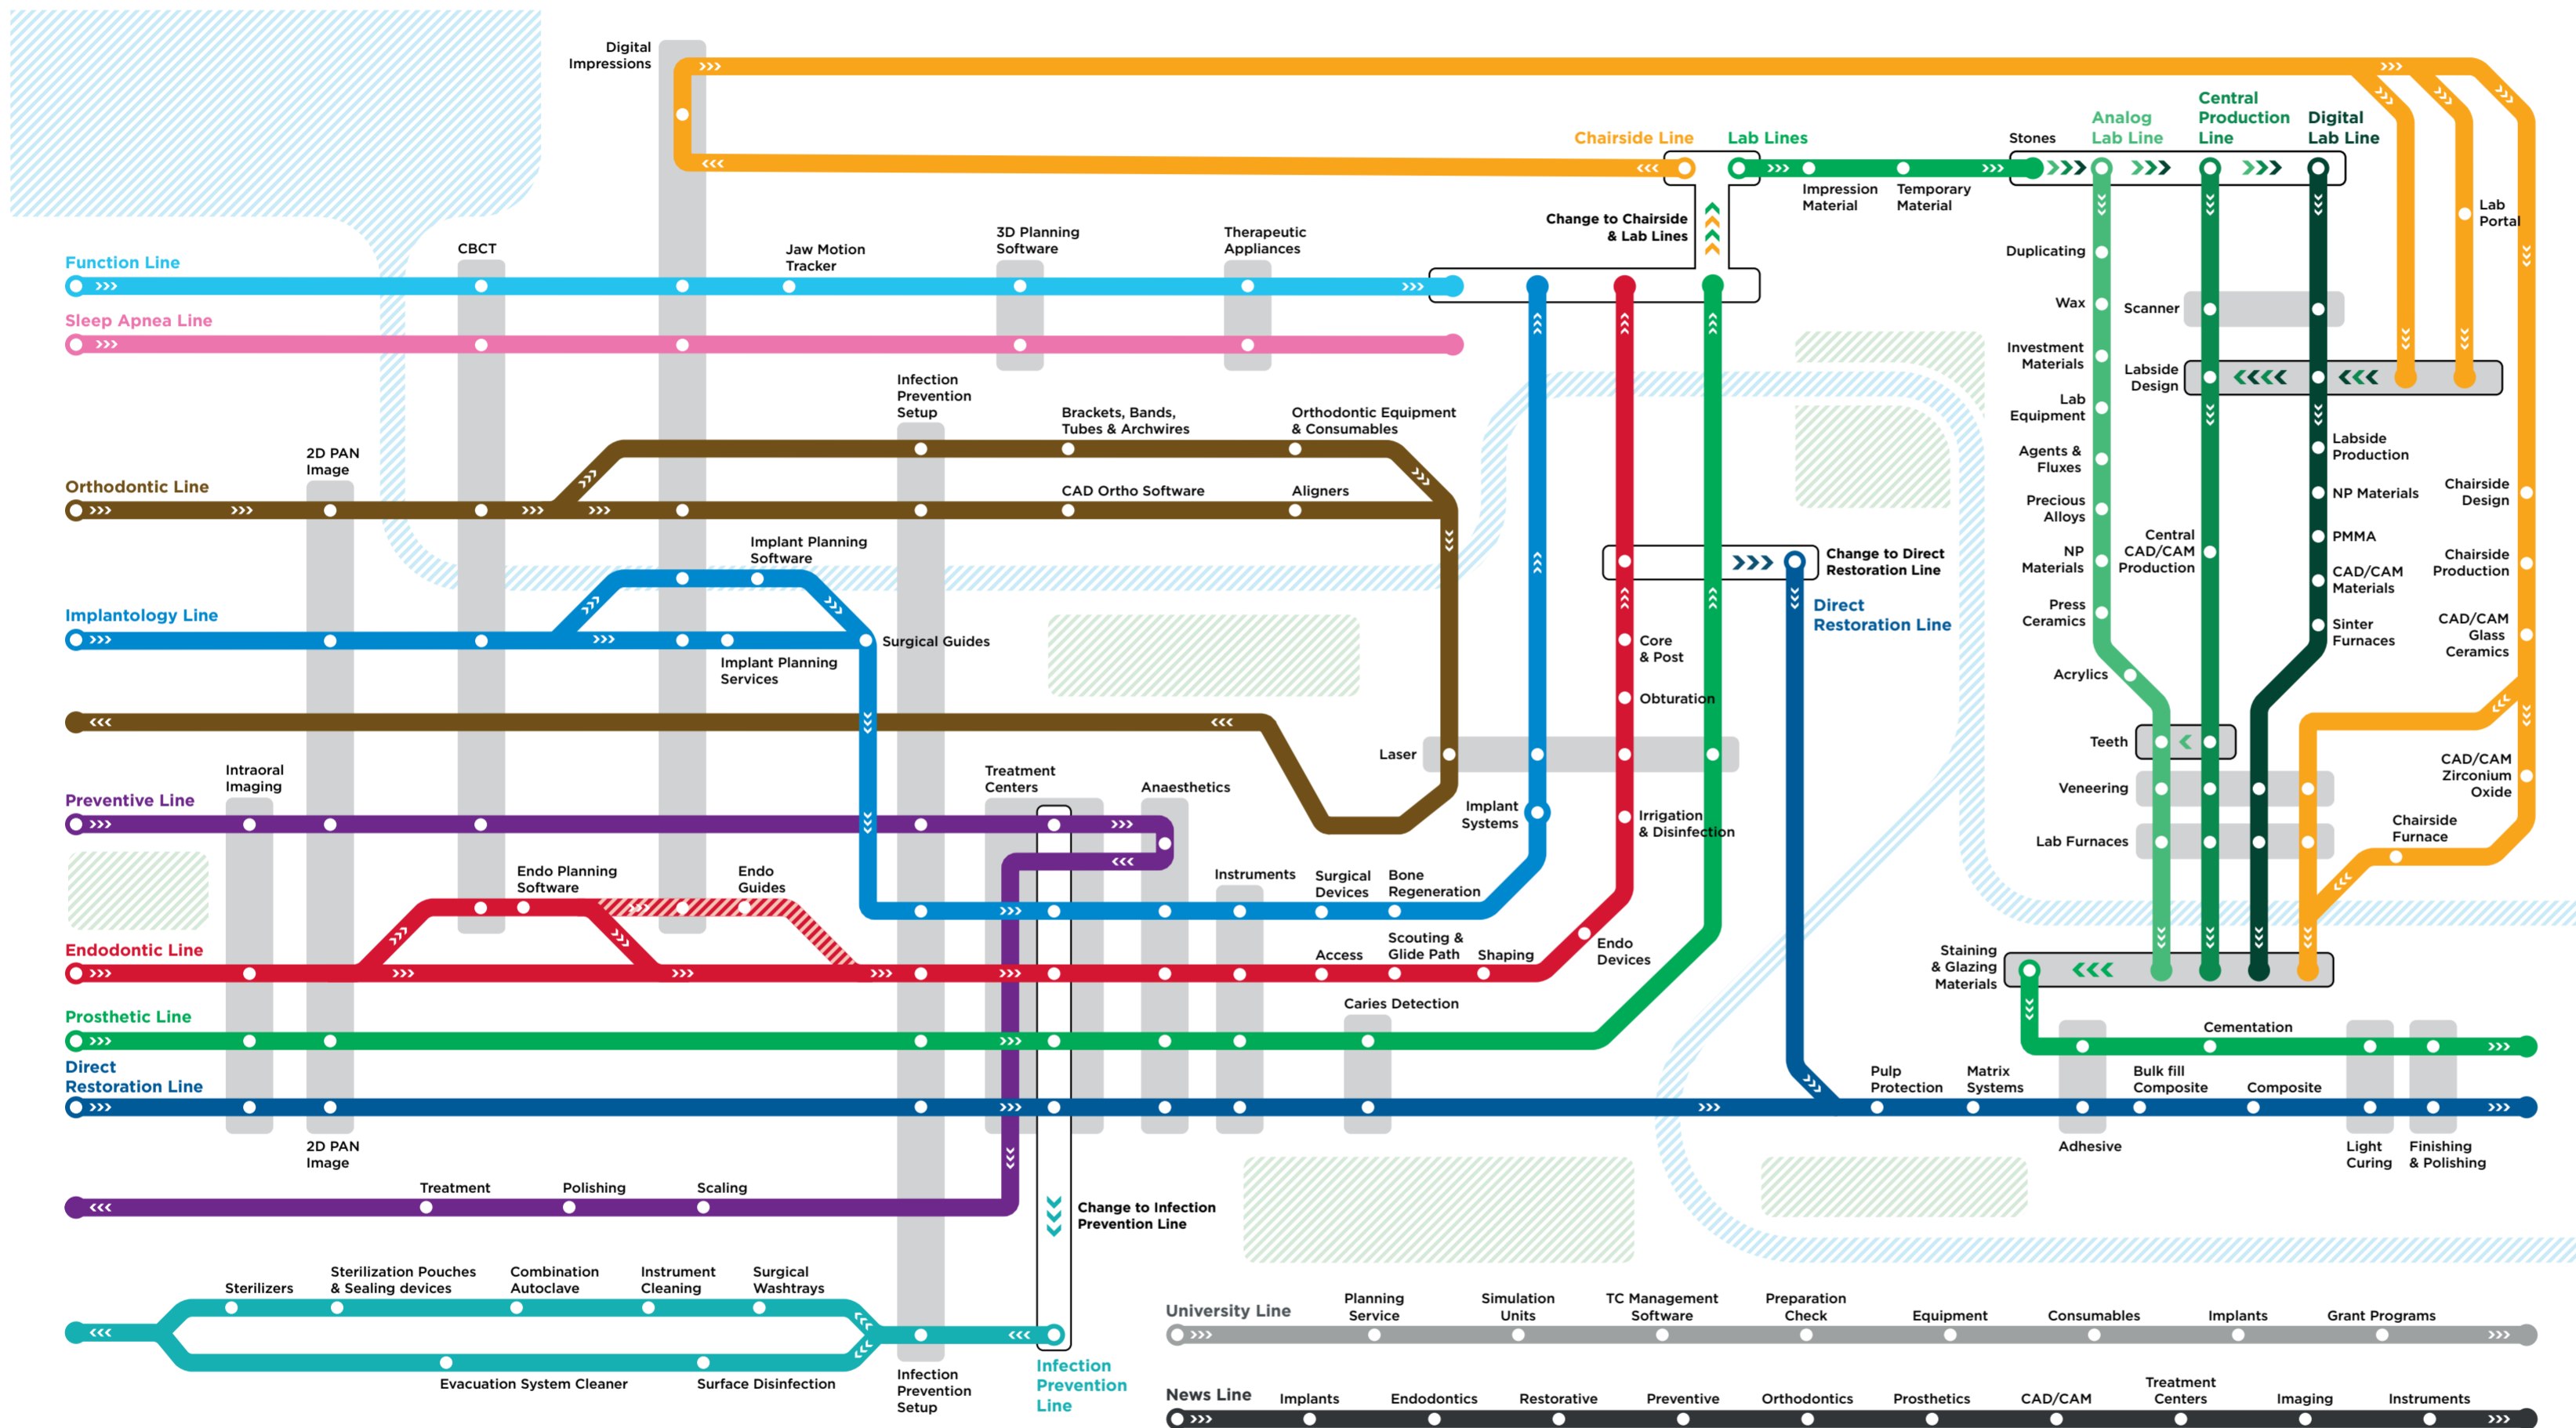

Das Produkt Portfolio von Dentsply Sirona bietet eine unüberschaubare Anzahl bewährter Marken und interessanter Produkte - vergleichbar der Anzahl der Station des Londoner, Pariser oder New Yorker U-Bahn Netzes.

Und wie dort - führt Sie die Dentsply Sirona Lösungskarte sofort zu dem Punkt, der Sie besonders interessiert.

Wenn Sie einer Lösungslinie folgen, kommen Sie an allen relevanten Workflowschritten vorbei - und auf der Rückseite der Karte finden Sie die dazugehörigen, empfohlenen Produkte und die Halle sowie den Dentsply Sirona Bereich auf der IDS.

Die Dentsply Sirona Lösungskarte illustriert das Kommitment von Dentsply Sirona, es Zahnärzten und Zahntechnikern zu ermöglichen eine bessere, sicherere und schnellere Zahnheilkunde anzubieten.

Die Karte gibt eine komplette Übersicht über alle zahnheilkundlichen Lösungen von Dentsply Sirona, wobei jede Linie einen speziellen zahnheilkundlichen Workflow vom Anfang bis zum Ende repräsentiert. In jeder Station dieser Linie finden Sie die wichtigsten Marken und Produkte, die in diesem Schritt des Workflows benötigt werden. Die Lösungslinien zeigen die Beziehungen zwischen den Stationen und erklären wie die Produkte miteinander verbunden sind.
